I am pleased to welcome you to Edge Hill University.

Today's Open Day will give you the chance to find out about our range of courses and opportunities and look around our vibrant campus, which is on its way to becoming one of the best in the country, with an investment of over £100m and a further £100m still to be spent.

During your visit you will have the opportunity to speak with course tutors on an individual basis about their programmes as well as attending subject overview presentations. You will also meet some of our current students who will be able to tell you about their life at Edge Hill and help you see why we are consistently ranked highly in the National Student Survey.

As well as researching the course you are interested in you can also find out about our award-winning Student Financial Support Package, visit our Halls of Residence and discover what Edge Hill graduates go on to do (95.5% find employment or go on to further study within six months of obtaining their degree).

I hope that you have a very enjoyable day.

Dr. John Cater, Vice-Chancellor
