

D2 Workshop

Dr. John Bostock

Objectives:

The University operates an internal CPD scheme to award Fellowship of the HEA which is recognised by the HEFCE as a teaching qualification. The University and the Centre for Learning and Teaching (CLT) wish to offer the opportunity to obtain such a qualification to staff with three or more years of experience of teaching in Higher Education.

Programme:

The University's scheme is intended to be developmental and focuses on a supportive structure and process designed to assist evidencing alignment with the UK professional Standards Framework (UKPSF) which underpins the HEA's recognition as a teaching qualification.

Pre-requisites:

This session is open to current applicants i.e. those who are completing an application for submission and to those who wish to apply. Therefore the session will outline the CPD Scheme process and enable participants to make an informed choice about their application for D2. It will also enable those who are completing their applications to discuss their progress and ask any questions.
