### Appendix 3 - List of Named Award Titles

This workbook lists all of the named awards that are currently validated by Edge Hill University. It should be noted that although the list is definitive at the time of compilation, it is subject to continuous update throughout the year. The definitive list is compiled by the Academic Quality & Development Unit (AQDU) and is published annually. Responsibility for in-year maintenance of the list resides with the AQDU, informed by reports from Faculties via the Programme Validations and Modifications Group.

All of the awards listed in this workbook are described in respect of level and credit volume in section C2 of the current Academic Regulations.
