Support Prior to Assessment Submission
Assessment Submission Deadlines
Academic Requirements – Submitted Assessments
Feedback on your Assessment
Pass/Fail Criteria
Re-assessment
Deadline Extensions
Exceptional Mitigating Circumstances (EMC)
Electronic Assessment Submission
WELCOME
WELCOME & INTRODUCTION

The course team would like to take this opportunity to welcome you as a student to the Faculty of Health & Social Care and the MCh and MMed programmes.

The aim of this MCh/MMed programme handbook is to guide and assist you throughout your studies and should be read in conjunction with the module handbook. Once you have completed registration you will be able to access relevant module handbooks through 'Blackboard', which is a Virtual Learning Environment (VLE) designed to support your learning. The module handbook contains information relevant to the particular module you undertake, outlining the aims, learning outcomes, content, assessment and timetable details.

Additionally, Postgraduate Study & Professional Development for Health & Social Care Professionals website provides details on all modules and programmes, together with up-to-date information on fees, application processes and Frequently Asked Questions. This can be accessed on: http://www.edgehill.ac.uk/health/cpd/

Kind regards

Steve Jones
MCh Programme Lead
joness@edgehill.ac.uk

Carol Kelly
MMed Programme Lead
kellyc@edgehill.ac.uk

Note:
This Handbook is prepared in advance of the semester. Every effort is made to ensure that the information in the Handbook is accurate at the time of going to press.
Section 1: WHO TO GO TO FOR HELP

Student Recruitment & Marketing Support Team

The Student Recruitment & Marketing Support Team is the initial key contact. They will be able to offer support by:

- Dealing with any initial enquiries regarding the application process.
- Setting up advisory meetings with pathway leaders.
- Typing up student pathways and providing personal copies for each student.

Tel: 01695 657249
Email: MCh@edgehill.ac.uk
Further information: https://go.edgehill.ac.uk/pages/viewpage.action?pageId=28214542

Programme Administration

Programme Administrators are the key contacts who will liaise with you and the academic staff. The Administrators provide support in the following ways:

- Dealing with any enquiries you may have regarding your programme of study.
- Providing annual pathway status to all students undertaking diploma and degree programmes.
- Updating and modifying pathway records as required, following instructions from the pathway leaders.

Contact details:

Sharon Poland
(Edge Hill University MCh/MMed Course Administrator)
Telephone: 01695 650 731
Email: MCh@edgehill.ac.uk

Julia Berry
(MCh/MMed Course Administrator at WWL)
Telephone: 01257 256408
Email: Julia.berry@wwl.nhs.uk

Associate Head

Within the PPE team, there are two Associate Heads – Lai K Chan, Kate Jones.

The Associate Head is responsible for the curriculum development and operational management of the postgraduate provision and works closely with Programme and Module Leaders.
Email Communication with Edge Hill Personnel

Student communication will take place via the Faculty’s Notice Boards as well as through Learning Edge Blackboard (VLE) announcements. Announcements will appear on both the Blackboard home page and on the home page of your course. An email with the contents of the announcement will be posted out to all students enrolled on the course.

Personal email addresses are often seen as SPAM and re-directed to a quarantine area. To ensure that your email reaches its intended destination you are required to use your Edge Hill email account. This is the only email account the university staff will use in contacting you once you have registered. You can set up a ‘divert’ to a personal e-mail address from your Edge Hill inbox and instructions for this can be found at: http://www.eshare.edgehill.ac.uk/943/

Programme and Clinical Pathway Leads

There are 14 pathways on the MCh programme and the clinical Pathway Leads are:

- MCh Emergency and Trauma: Mr Ayaz Abasi/Mr Muhammad Saleem Nasir
- MCh Minimal Access Surgery: Mr Chelliah Selvasekar
- MCh Orthopaedics (Foot & Ankle): Professor Raj Murali
- MCh Orthopaedics (Hand & Wrist Surgery): Professor Raj Murali
- MCh Orthopaedics (Hip & Knee): Professor Raj Murali
- MCh Orthopaedics (Spine): Professor Raj Murali
- MCh Orthopaedics (Upper Limb Surgery): Professor Raj Murali
- MCh Otorhinolaryngology: Professor B Nirmal Kumar
- MCh Paediatric Orthopaedics: Mr Colin Bruce and Mr Neeraj Garg
- MCh Rhinology: Professor B Nirmal Kumar
- MCh Surgical Oncology: Mr Chelliah Selvasekar
- MCh Trauma & Orthopaedics: Professor Raj Murali
- MCh Colorectal Surgery:
  Mr Marius Paraoan
- MCh Rhinology & Facial Plastic Surgery:
  Mr Tim Woolford

For further details of the specific pathways please go to:
https://www.edgehill.ac.uk/courses/master-of-surgery/modules/

There are six pathways on the MMed programme and the clinical Pathway Leads are:

- Master of Medicine (Cardiology):
  Dr Sanjay Arya
- Master of Medicine (Respiratory Medicine):
  Dr Ram Sundar
- Master of Medicine (Regional Anaesthesia):
  Dr Oswald D’Mello
- Master of Medicine (Rheumatology):
  Dr E Gladston Chelliah
- Master of Medicine (Gastroenterology):
  Dr Alastair Cairns and Dr Christos Zipitis (Paediatrics)
- Master of Medicine (Elderly Medicine):
  Dr Micky Malhhotra

For further details of the specific pathways please go to:
https://www.edgehill.ac.uk/courses/master-of-medicine/modules/

**Faculty of Health & Social Care: Help Desks**

Help Desks are located within the foyer of each Health & Social Care building (Ormskirk, Aintree and Manchester) – please see further details in Appendix 5.

The Help Desks act as a one-stop-shop for all administrative enquiries relating to your programme. The Customer Service Administrators will assist you in finding the right person to resolve your queries.

**External Examiner**

The main function of External Examiners is to ensure that the modules and the awards offered are of comparable standard with those of other universities in the United Kingdom (U.K.). External Examiners are, therefore, experts in particular fields of study and are drawn from other higher education institutions in the UK. Their duties are to:

- scrutinise all examination papers to ensure quality and fairness, identifying possible areas of overlap or ambiguity;
- scrutinise a sample of assignments or examination answer scripts;
- ensure an appropriate standard of marking;
- make a report on the modules and their methods of assessment.
To allow for External Examiners to scrutinise a sample of assignments or examination answer scripts, they will have access to each of the relevant module areas within Blackboard, which will permit them to access all content within these areas.

In line with QAA requirements, the name, position and home institution of all external examiners are provided for students within the Health wiki and can be accessed using the following link:

https://go.edgehill.ac.uk/display/academicregistry/External+ Examiner+Details

**Support Roles**

There are a number of support roles for students undertaking modules and programmes in the Faculty of Health and Social Care. These are clarified within Section 8.

**University Support Services**

A broad range of support is offered to all students at Edge Hill University from the following central departments:

- Academic Registry;
- Student Services;
- Learning Services;
- Careers Service.

Further details of the support and resources available can be found in the appendices of this handbook.
Section 2: MAKING A START (REGISTRATION)

Registration - What the University Expects From You

Registering on a module/programme is vitally important. If you fail to register you will not be eligible to utilise library information resources or access Blackboard facilities. If you are undertaking a module online, access to the online library resources will be allocated to you, once you have registered.

You will be sent an invitation to register online which will contain your student user name and password. You will need to access a website which will give you instructions on the enrolment process including how to divert your Edge Hill email account to an alternative address. Please keep this letter safe as we are not able to resend user names and passwords.

Student Number

When you have satisfied all the requirements for enrolment, we will register you and you will be sent an email to your Edge Hill email address confirming that you have been enrolled. The email will also provide a web link giving you online access to the CPD induction page which includes helpful information around academic writing; using Blackboard and how to make the most of the various learning facilities. You should keep this email safe as this is your confirmation of your status as an Edge Hill student.

Your student number will also serve as your login ID when accessing the Go Portal and Blackboard area. Please always use your number as a reference in any correspondence. You should be able to view the module content on the blackboard area no later than 2 working days later (Subject to module being released).

Student Identification (Unicard)

Your confirmation of enrolment email can then be used to register at the University Library you will be provided with your unicard. This will carry your photograph and act as a combined identity and library card. The card should be kept with you at all times when you are in the University and will be required if you wish to borrow any books or are sitting an examination. If you have an examination for your module it is essential to bring this card with you.

If you are undertaking a module online, access to the online library resources will be allocated to you once you have registered.

Change of Address or Name and Change of Circumstances

It is your responsibility to provide us with up to date information regarding your contact details. If you change your name, address, contact details or employment, please advise the University using the online process, by following the instructions through Student Central, which can be accessed here: http://www.edgehill.ac.uk/registry/data-management-and-user-support/
**Fees, Funding and Finance**

You will have already been advised about the fee structure for MCh and Med Programmes. Please discuss your fees and payment with Julia Berry.

**Attendance and Absence**

- **Sickness**

  If your doctor has signed you off from work, it may still be possible for you to attend the University; however a doctor’s letter confirming your fitness may be required. This includes students commencing maternity leave.

- **Attendance Register**

  There is an expectation that you must attend 70% for every module. Your attendance will be monitored to ensure you have adhered to this. An attendance register for each module will be kept by the module leader(s). You must sign the register on all study days.

- **Reporting Absence**

  Any absences from timetabled sessions should be reported to the appropriate Module Leader or to Julia Berry, by email, where possible.

- **Absence from Examinations and Presentations through Illness**

  Where a module has an examination/presentation, participation is compulsory and you should not be absent without good cause. Medical certificates for absence must be sent to the module leader.

  If you miss an examination/presentation due to health problems, you will be required to apply for Extenuating Mitigating Circumstances (EMC), see Section 6.

**Holidays**

As all modules and programmes are offered within a flexible portfolio approach, holidays can often be accommodated through the intercalation process (pausing and returning to your studies at a later date). However, any consideration of holidays, which have been planned and impact the assessment period of a module or programme, must be advised and agreed prior to registering.

**Equality and Diversity**

"Equality and diversity is core to Edge Hill University's mission in providing accessible higher education and services."

*John Cater, Vice Chancellor*

Edge Hill's vision for equality and diversity is that it will be a place where everyone feels able to participate, contribute, enjoy and influence every aspect of their experience; and where inclusive practices will be embedded in everything we do. Respect for and celebration of individual’s diversity will shape institutional strategy, direction and behaviour.
A full copy of the Equality & Diversity Policy can be obtained from the Student Services Information Centre Helpdesk, Human Resources wiki or from Edge Hill’s website: www.edgehill.ac.uk

Or this link: http://www.edgehill.ac.uk/governance/strategies-policies/

**Complaints**

The **Student Complaints Procedure**, which is cited within our Student Charter, can be found here:

http://www.edgehill.ac.uk/governance/strategies-policies/

Support for this process can be obtained from Student Services – please see Appendix 2.

**Student Withdrawal/Intercalation Fees Policy 2016/17**

If you are unsure as to the suitability of your course, or are thinking of leaving Edge Hill University, please contact your Personal Tutor or Module co-ordinator to discuss your options.

When the offer of a job linked to MCh Programme is made, students will be given a period of 2 weeks to confirm their acceptance of both.

If this conditional job offer is withdrawn for any reason, no fee will be charged.

If you decide that Edge Hill University is not for you and you want to withdraw or intercalate, the amount of tuition fee you will be liable to pay will vary depending on the date you withdraw.

From date of acceptance of job/place on programme to month 3 of programme - half of full tuition fee will be required.

From month 3 until month 9 of the programme - 100% of full tuition fee is payable.

If Wrightington, Wigan and Leigh NHS Foundation Trust and Edge Hill University have facilitated the sponsorship arrangements for GMC registration and visa and, therefore, you have accepted that if during the term of employment you submit notice in order to take up employment with another NHS employer, you will be required to pay a fee of £30,000 irrespective of your continuation with the MCh programme. No penalty will be applied if you have completed the MCh programme (generally a minimum of 2 years). After completing the MCh programme you are free to apply to change employment to an NHS employer outside the MCh participating partnership.

**Important**

Students should pay as soon as possible by cheque, cash, debit or credit card. Cheques should be made payable to: Wrightington, Wigan and Leigh NHS Foundation Trust.

Please contact Julia Berry at Wrightington Hospital, on 01257 256408 if you have any questions or to discuss repayment arrangements.
Section 3: PPE COURSES AND ACADEMIC CREDITS

A single unit of study (e.g. 10, 20, 30, 40 or 60 credits) is known as a module.

The term programme or pathway is used to denote the journey you undertake towards a final award, which is a postgraduate certificate/diploma or a full Master's degree. Named awards refer to particular modules undertaken to enable you to complete a programme in a specialist area for example, MSc Leadership Development, Clinical Leadership.

Academic Credit

Each module is assigned a credit rating, e.g. 10, 20, 30 credits. The number of credits gained depends upon the length of the module and the assignments undertaken. In order to obtain a Postgraduate Certificate, Postgraduate Diploma or an MSc, a number of credits are required, which is summarised below.

<table>
<thead>
<tr>
<th>Academic Level</th>
<th>Award</th>
<th>Credits</th>

Section 4: PROGRAMME DETAILS

Programme Aims – MCh (Master in Surgery)

There are 14 pathways on the MCh programme:

- MCh Emergency and Trauma
- MCh Minimal Access Surgery
- MCh Orthopaedics (Foot & Ankle)
- MCh Orthopaedics (Hand & Wrist Surgery)
- MCh Orthopaedics (Hip & Knee)
- MCh Orthopaedics (Spine)
- MCh Orthopaedics (Upper Limb Surgery)
- MCh Otorhinolaryngology
- MCh Paediatric Orthopaedics
- MCh Rhinology
- MCh Surgical Oncology
- MCh Trauma & Orthopaedics
- MCh Colorectal Surgery
- MCh Rhinology & Facial Plastic Surgery

The aims of the MCh programme are:

1. To provide students with a critical understanding of evidence based practice and research methodologies and ability to evaluate, analyse, synthesise, generate, and disseminate the findings of research.

2. To facilitate the development of critical and reflective practitioners who are able to synthesise professional experience and scholarly study.

3. To develop students who contribute to evidence based health care practice through advanced clinical decision making and clinical reasoning.

4. To enable students to extend knowledge and skills to advanced levels within their specialist areas of work.

5. To enable to students to develop high levels of critical appraisal, autonomy and advanced decision making skills and apply them, in creative and innovative ways, within their specialist areas of practice.

6. To develop intellectual and professional independence commensurate with postgraduate study.

Programme Aims – MCh (Master of Medicine)

There are six pathways on the MMed programme:

- Master of Medicine (Cardiology):
- Master of Medicine (Respiratory Medicine):
- Master of Medicine (Regional Anaesthesia):
- Master of Medicine (Rheumatology):
- Master of Medicine (Gastroenterology):
- Master of Medicine (Elderly Medicine):
This is a knowledge based qualification. It will demonstrate academic commitment to medicine within the specialist field, and work with expertise to create a credible clinical specialist. The aims of the MMed programme are to:

1. Provide students with a critical understanding of evidence-based practice and research methodologies and ability to evaluate, analyse, synthesise, generate and disseminate the findings of research.

2. Facilitate the development of critical and reflective practitioners who are able to synthesise professional experience and scholarly study.

3. Develop students who contribute to evidence-based health care practice through advanced clinical decision-making and clinical reasoning.

4. Enable students to extend knowledge and skills to advanced levels within cardiology.

5. Enable students to develop high levels of critical appraisal, autonomy and advanced decision-making skills and apply them, in creative and innovative ways, within cardiology.

6. Develop intellectual and professional independence commensurate with postgraduate study.

Programme Learning Outcomes

In addition to the programme aims, there are programme learning outcomes at masters' level within the following areas:

- Intellectual skills
- Knowledge and understanding
- Practical skills
- Transferable skills

The curricula for programmes and modules have been designed to ensure specific aims and outcomes are met in order to achieve academic credit and awards. Further details can be found in programme specifications specific to each MCh and MMed award, which are available on the Edge Hill University website:

http://www.edgehill.ac.uk/aqdu/programme-specifications/fohsc/ppe/

Module Learning Outcomes

Learning outcomes are an indication of the learning that you be expected to achieve following successful completion of the module and/or programmes. Each module will identify their own specific learning outcomes, which contribute to the overall programme learning outcomes. Success in your assignments will demonstrate that you have achieved the learning outcomes which are detailed in your individual module handbooks.
**Programme Structure:**

</table>

For further details of the specific **MCh** pathways please go to: [https://www.edgehill.ac.uk/courses/master-of-surgery/modules/](https://www.edgehill.ac.uk/courses/master-of-surgery/modules/)

For further details of the specific **MMed** pathways please go to: [https://www.edgehill.ac.uk/courses/master-of-medicine/modules/](https://www.edgehill.ac.uk/courses/master-of-medicine/modules/)

**Assessment Methods**

Assessment is individualised to each module, and a variety of strategies are employed, for example: examinations, essays, critical incident analysis, classroom presentations/seminars, portfolios of evidence and/or objective structured clinical examinations (OSCE). The module specific handbook will have more detailed information regarding the relevant assessment strategy.
Learning Opportunities

The flexible portfolio offers a range of learning experiences to meet the needs of the student. The three main learning approaches are:

Face-to-Face Delivery:

This is a classroom based learning experience. This is a familiar learning experience for students and affords the Module Leader the opportunity to determine the aims, set the pace of learning and gradually develop the depth of learning as the module progresses. Learning materials relating to the session are posted onto blackboard as a repository for students.

Blended Delivery:

This approach uses a combination of classroom and online based learning. The Module Leader provides a number of key sessions within the classroom setting and the remainder of sessions online with key learning activities to engage the learner in and build up their familiarity with the virtual learning environment. This approach develops confidence for those new to learning in an online environment.

MCh Programme Accreditation – Royal College of Surgeons (England)

The MCh programme has been designed in collaboration with senior surgeons and academics and is at the cutting edge of both contemporary surgical practice and research. Additionally, the following pathways are currently accredited by the Royal College of Surgeons (RCS):

- MCh Otorhinolaryngology
- MCh Rhinology
- MCh Trauma & Orthopaedics

The Programme Team are progressing the accreditation of other specialist pathways, in line with RCS approval procedures, and students will be notified once accreditation is confirmed.
Section 5: PERSONAL DEVELOPMENT PLANNING (PDP)

Edge Hill University regards Personal Planning Development, the continuing process of review, reflection and action-planning as an integral part of each learner’s development. The primary objective for PDP is to improve the capacity of individual learners to understand what and how they are learning, and to review, plan and take responsibility for their learning, helping them:

- Become more effective, independent and confident self-directed learners.
- Understand how they are learning and relate their learning to a wider context.
- Improve their general skills for study and career management.
- Articulate personal goals and evaluate progress towards their achievement and encourage a positive attitude to learning throughout life.

With appropriate support, students will be able to:

- Create records containing information on the qualities and skills they can evidence and use for purposes such as applying for a job or a further course of study.
- Reflect upon, review, act upon and where appropriate record, their personal and academic development and related action plans.

Each programme will tailor its PDP provision to the individual requirements of students. Please discuss your PDP requirements with your Programme Lead when you enrol onto a specific programme.
Section 6: ASSESSMENT, ACADEMIC RULES AND REGULATIONS

To qualify for the award MCh or MMed you must pass all modules throughout each level of study, meeting the minimum acceptable criteria to progress to subsequent modules.

The assessment details for each module can be found in each individual Module Handbook. This will include the assessment tasks, guidance on how to approach the tasks, assessment submission dates and comprehensive marking and grading criteria.

You should be aware that your work will be subject to internal and external moderation, where appropriate. This is to guarantee internal consistency in marking and to make sure that the standards of our programmes equate to those in other institutions.

Academic Registry – Online Resources and Information

Guidance for all academic regulations and assessment processes is available within the Academic Registry online resource ‘Your Programme: Assessment and Results’. This can be accessed by the following link:

http://www.edgehill.ac.uk/registry/assessment-and-results/

This Student Handbook will introduce you to these regulations, however, you are advised to access the Academic Registry website for more detailed information.

Support Prior to Assessment Submission

The Faculty of Health & Social Care and their staff are committed to supporting its students in the completion of their academic assessments and in meeting this requirement, in a consistent and equitable manner. This policy sets out good practice guidelines regarding module tutor feedback for plans and drafts of assignments, prior to final submission. The aim of the policy is to provide support for both students and markers. Please refer to the full policy for further information:

https://go.edgehill.ac.uk/display/health/Student+Forms

Assessment Submission Deadlines

All students must submit their assessment tasks by the submission or presentation date and attend examinations on the dates notified, normally within their Module Handbooks.

Although submission dates are set by the module leader, it is your responsibility to ensure that you are aware of when, where and in what format you are expected to submit. Failure to submit by the agreed deadline, without an approved extension, will result in a mark of zero.

If you are referred or deferred in your academic assessments during the year you will be expected to resubmit at a specified point - your specific resubmission date will be advised to you by the Programmes Administration Team.
Academic Requirements – Submitted Assessments

To ensure that all students receive equal treatment the following procedures have been adopted in order to standardise the preparation, assessment and external moderation of course work:

- All assignments must be electronically generated.
- Please ensure that you keep a copy of your work prior to submitting.
- For online submission, students must submit within the PPE assignment section in their Learning Edge module area (this incorporates a check list, cover sheet and feedback pages).
- Assignments must be presented as double-spaced with left and right-sided margins and with the page number at the base of each page, with a suggested size 12 font.
- Students should refer to their Module Handbooks for specific assessment submission guidance.

Feedback on your Assessment

It is our aim to provide feedback to you on your assessment within four working weeks of the submission date. Students can discuss this with the relevant module leader and/or their personal tutor.

Pass/Fail Criteria

For students who are undertaking a programme or pathway, you must complete and pass all summative component assessments in each core module of the programme, with a minimum of 40% pass mark unless stipulated otherwise.

Re-assessment

It is extremely important that students are aware of the following:

- Re-assessment is applied at element level and you are entitled to one automatic right of re-assessment at each element.
- If you are unsuccessful with your re-assessment, the relevant assessment board has the discretion to consider offering you one further, and final, attempt at this submission. Assessment Boards are held in March, July and November.
- If you are offered a second re-assessment and do not pass at that stage, the University holds no further discretion and you will be failed/withdrawn from your module/programme.
- Re-assessment marks are capped at the element level. The best mark that can be awarded for a re-assessed element is 40% (unless stated otherwise).

Deadline Extensions

Should you experience difficulties that may adversely affect your ability to submit, it is your responsibility to contact the Module Leader as soon as possible in order to discuss your position. All students should attempt to submit their work in a timely manner, however, in
some cases it may be possible to grant an extension for special circumstances. A maximum period of **two weeks** can be requested and appropriate evidence must be provided. Please refer to the Extension Policy for further detailed information:

https://go.edgehill.ac.uk/display/health/Student+Forms

If an extension is granted it is on the basis that no additional academic supervision is required, the period of extended time is simply to complete the assessment strategy and submit.

In cases where an extension is not possible or further academic support is required, students should consult the University’s guidance for the notification of Exceptional Mitigating Circumstances.

**Exceptional Mitigating Circumstances (EMC)**

Application for an EMC may be made where there are serious mitigating circumstances which you could not have been expected to know about or plan for in advance. In general, this will relate to illness, bereavement or sudden changes in personal circumstances, over which you have no control. Students need to have a strong justification for being in this position and provide appropriate supporting evidence.

Further information relating to EMCS, including deadlines, forms and FAQs, can be found on Academic Registry online student information area:

http://www.edgehill.ac.uk/registry/assessment-and-results/difficulties/

**Electronic Assessment Submission**

Step-by-step online submission guidance is provided in module handbooks and short videos provide students with visual explanations and are available in the module Learning Edge Blackboard area. Students should store assignment files on their home drive and ensure an additional back up of the file is kept as computer failure is not accepted as valid grounds for mitigation.

- **Arrangements for submission**

  Turnitin is the preferred method for the electronic submission of coursework. Where Turnitin is not appropriate (eg e-portfolios, visual/graphical/numerical submissions) other submission methods are available.

  The method for submission for coursework will be published through Module Handbooks. Students will be provided with guidance as to what to do to submit coursework and view feedback.

  Where electronic submission is required it will be the only method to submit the coursework; hard copies will not be accepted.

  In your own interest, you must keep a copy of any work submitted electronically.

  Useful link [http://www.eshare.edgehill.ac.uk/883/](http://www.eshare.edgehill.ac.uk/883/)
In the unlikely event that there is any service disruption (to either GO, Blackboard or Turnitin) on a submission date, a decision will be made that an outage is significant enough to instigate an extension for all submissions, which MUST be authorised by a FoHSC Head of Department.

Note: an example of preparatory advice to students is available on the Learning Edge blog: http://blogs.edgehill.ac.uk/learningedge/2013/12/11/keep-calm-and-submit-this-christmas/

Any students reporting difficulty with e-submission should be signposted to LS Ask Us in the first instance and their module tutors.

A new date will be set by the Head of Department when there is university network/software failure. This date will be posted out to you by means of communication available i.e. e-mail, letter, an announcement on Blackboard or on the GO Portal.

- Confirmation of submission

An automatic e-mail is generated upon electronic submission. As such proof is the only evidence of submission, it must be saved. This is required to challenge a zero mark for non-submission.

An e-mail to your university account is sent informing you when you can view your feedback.

You have access to campus computers to submit coursework electronically and review feedback. If you suspect university network/software failure please contact Learning Services Help Desk 01695 584286 or the Faculty of Health & Social Care Reception by phone on 01695 657050 who will instruct you on what to do.

A new date will be set by the Head of Department when there is university network/software failure. This date will be posted out to you by the means of communication available i.e. e-mail, letter, an announcement on Blackboard or on the GO Portal.

- Security of electronic coursework

Coursework, feedback and grades are protected with other digital data (see University Acceptable User Policy). Feedback and grades will only be made available to students through a secure online environment.

Students with extenuating circumstances will have access to electronic submission in accordance with extenuating procedures.

All coursework submitted electronically must comply with the regulations as set out in this programme handbook.

**TURNITIN: Originality Reports**

The University uses the anti-plagiarism software called 'Turnitin'. This package is designed to help students understand the requirements of and to develop their academic writing and prevent the use of plagiarism.
The originality report

All work submitted through Turnitin will be scanned automatically and checked against its database. This includes:

- Electronic books;
- Electronic journals;
- Websites;
- Student assignments that have already been submitted through Turnitin.

Turnitin states that the use of student essay constitutes as fair use under copyright law and that student intellectual property is protected. Therefore, all work submitted through Turnitin will be identified by the institution not the name of any student. Instructors and students are the only user types capable of viewing Originality Reports. Please see link for further details:

Once the paper is submitted through Turnitin, an Originality Report will be produced, which will provide a "similarity index". This is the percentage of your work that has been matched to other sources. This report lists the sources to the parts of your work that have been matched, which the student and tutor can view.

There is NO similarity score that the student should aim for as a target.

The originality reports do not detect plagiarism they merely highlight matched text, thus aiding you in checking that your work is correctly cited and referenced. The similarity score indicates text matches with other documents in the Turnitin database.

Work that has a similarity score of 0% is not a guarantee that the work has not been plagiarised.

The report will be available either within a few minutes following the first submission, or 24 hours, if you have already submitted previously.

Please be assured that if potential plagiarism issues are detected, your tutors will discuss this with you prior to deciding what action is required. (Academic Regulation H8 and Appendix 13 of the Academic Regulations).

Useful link: http://turnitin.com/en_us/training/student-training/viewing-originality-reports

**Academic Malpractice**

Academic malpractice, such as cheating, plagiarism and collusion, are taken very seriously by the Faculty and the institutional and procedures are in place to deal with such occurrences.

Malpractice is defined as an attempt to gain an advantage over other students by the use of unfair and unacceptable methods.

- **Cheating**: is an infringement of the rules governing conduct in examinations or other time-constrained assessment.

- **Plagiarism**: is where a student attempts to pass off work as their own, which is not their own.
• **Collusion:** is where a student knowingly collaborates with another student to submit a piece of work.

A case of academic malpractice or other dishonest practice, such as forging signatures, will be dealt with severely according to the university’s regulations, which may include:

- Reducing the mark of a specific element of assessment;
- Deeming you to have failed the assessment;
- Deeming you to have failed the programme;
- Deeming you to have failed the programme and bar you from further study at the institution.

Further information and the academic regulations relating to academic malpractice, can be found on Academic Registry online student information area:

[http://www.edgehill.ac.uk/registry/assessment-and-results/academic-malpractice/](http://www.edgehill.ac.uk/registry/assessment-and-results/academic-malpractice/)

**Academic Malpractice and the Professional Registrant**

Students should be aware that as a registrant of a professional body, any proven academic malpractice issues, such as plagiarism or any other type of malpractice as outlined in the University's regulations and procedures in respect of academic malpractice, may be reported to that (professional) body and or the commissioning agent/employer.

In addition, the University reserves the right to deny subsequent re-attempts in accordance with the University's regulations and procedures in respect of academic malpractice.

**Poor Practice (as identified in student work)**

Please be aware that assignments or examination answers which contain evidence of unsafe, harmful or discriminatory practice may be awarded a fail mark.

**Confidentiality**

There should be no reference within your assessed work to any name or identifying information relating to patients/clients or any staff member of any organisation. Inclusion of such information will result in a failed submission. Where it is *relevant* to state name of any organisation then the information should be supported by reference to published documents that are available to the general public and form approved official documentation relating the operation and provision of that organisation.

It would be considered relevant to include the name of an organisation when:

- Discussing/debating/analysing published data relating to the performance of that organisation.
- Discussing/debating/analysing published and approved policy and strategy of that organisation.
- Discussing/debating/analysing published research/evaluations/audit/opinion, which relates to and names that organisation.
Where the assignment requires reflection or analysis of specific practice/patient/client/service user scenarios, confidentiality must be maintained by the use of pseudonyms. Whilst retaining the essence of the scenario, where necessary some information may be altered to enhance anonymity, eg changing the number of siblings/children/place or type of work/accommodation or housing.

**Consent**

You are also reminded that it is a legal and professional requirement that where specific personal and/or organisational details are explicitly identified, for example use of photographs, the individual’s valid consent is obtained and that furthermore, the consent is clearly documented and acknowledge at the commencement of the piece of academic work.

You are, therefore, strongly advised to seek tutorial guidance when contemplating the inclusion of aspects of consent within an academic piece of work.

**Fitness for Practice**

A number of modules lead directly to a professional qualification, which gives the right to practice, students must not engage in any behaviour which renders them unfit to be admitted to that area of the professional register.

Where a student’s behaviour is considered to be extreme or a serious risk, then the student may be referred to a Fitness for Practice Panel.

Further information regarding the Fitness for Practice regulations can be found on the Academic Registry online student information area:

[https://www.edgehill.ac.uk/registry/programmes/](https://www.edgehill.ac.uk/registry/programmes/)

**Academic Appeals**

All students have the right to submit an academic appeal against the outcomes of Assessment Boards, Malpractice or Fitness for Practice Panels.

However, students may only appeal on the grounds of:

- Procedural Irregularity in the Assessment Process
- Bias or Perceptions of Bias
- Exceptional Mitigating Circumstances, details which were, for good reason, not previously available to the appropriate Assessment Boards.

Further information regarding the academic appeals process can be found on Academic Registry online student information area:

**Intercalation (pausing and returning to your studies at a later date)**

Intercalation is an approved period of time taken away from formal studies as it is not unusual for students to need time out either for medical reasons or exceptional circumstances. If a student is considering intercalating they must contact the programme or module leader as soon as possible to seek advice as it is not an automatic right and must be approved by the relevant parties. Normally, intercalation cannot occur if you have completed 75% of the duration of the module. This is calculated from registration to the submission date.

Further information relating to intercalation, including the PPE intercalation Policy and forms please use the following link:

[https://go.edgehill.ac.uk/display/health/Programme+Forms+and+Processes](https://go.edgehill.ac.uk/display/health/Programme+Forms+and+Processes)

**Withdrawal from the Programme**

We hope that you enjoy your time at Edge Hill and will not wish to leave before the end of your studies. However, if you are unhappy about your programme or module, University life, or experience changes in your personal circumstances, please seek advice as early as possible, from the Programme Leader or your Personal Tutor or the Help Desk Officer in the Student Information Centre. You may be able to take a break in your programme (intercalate) or consider other alternatives to support you.

If you make the decision to withdraw from your course, you must contact your Programme or Module Leader to complete the necessary documentation.
Section 7: PRACTICE LEARNING

Assessment in Practice

Some modules include an assessment of your clinical competence. This may be undertaken by a practical examination (OSCE), by use of a Clinical Assessment Document or verification of practice. The assessment tool may require you to be assessed in the clinical area and your mentor will usually assess your competence. The mentor will have undergone relevant preparation for this role. The completion of practice assessment documents is integral to successful completion of the module and will be assessed on a pass/fail basis.

Where a module is assessed in practice you must achieve the required criteria for practice achievement in order to pass the module. Opportunities will be made available to enable you to meet with your clinical supervisor in order to reflect upon achievement and identify development needs. This occurs at regular intervals during completion of MCh/MMed.

Where there is a potential problem, which indicates that you may not achieve the required level against clinical skill statement, a developmental learning plan will be drawn up between yourself, the clinical supervisor and the clinical programme leaders to facilitate further support. External Examiners will have access to both practice documentation and portfolios.

Medical Clinical Supervisor for MCh/MMed Students

Each student will have a named clinical supervisor during their placement through normal arrangements in the NHS. In your job you will be subject to the rules of NHS employment.

The role of Clinical Supervisor is undertaken by a senior doctor (usually a consultant), who is responsible for ensuring that appropriate clinical supervision of your day-to-day clinical performance occurs at all times, with regular feedback.

All clinical supervisors:

- are fully trained in the specific area of clinical care.
- offer a level of supervision necessary to the competences and experience of the student and tailored for their individual needs.
- ensure that no student is required to assume responsibility for or perform clinical, operative or other techniques in which they have insufficient experience and expertise.
- ensure that students only perform tasks without direct supervision when the supervisor is satisfied that they are competent to do; both student and supervisor should at all times be aware of their direct responsibilities for the safety of patients in their care.
- consider whether it is appropriate (particularly out of hours) to delegate the role of clinical supervisor to another senior member of the healthcare team. In these circumstances the individual must be clearly identified to both parties and understand the role of the clinical supervisor. The named clinical supervisor remains responsible and accountable overall for the care of the patient and the student.
- are appropriately trained to teach, provide feedback and undertake competence assessment to trainees in the specialty.
- are trained in equality and diversity and human rights best practice.
**General Academic Support/Personal Tutoring for MCh, MMed**

It is acknowledged by the programme leader that many of the MCh and MMed students are geographically located outside the local area and support systems need to be responsive to their needs.

For academic support in meeting the module learning outcomes, the main point of contact will be via the module Leader. For general/pastoral support, this can be either from Programme Lead or via the Clinical Programme Leaders.
Section 8: STUDENT SUPPORT IN THE FACULTY

Module Leader

The Module Leader has the responsibility for the “day-to-day” running of the module and will provide you with the assessment guidelines, offer you tutorial support and is your first point of contact should you experience personal or professional difficulties. The assistance that the module leader may offer you will be detailed throughout this handbook.

Academic Supervision and Personal Tutor Support

Module leaders are happy to offer academic guidance, support and advice regarding module content and assignment preparation. They can be contacted via email or you can make an appointment to meet in person. All postgraduate modules timetable tutorial sessions to promote this opportunity.

A two tier system is provided for personal tutor support:

Level 1: The personal tutor role is incorporated into the duty of the Programme Leader. Their role is to support your progression while you study for your programme award. This support includes academic and pastoral advice, career guidance and a line of communication regarding any changes to the programme curricula and Institutional policy.

Level 2: The personal tutor role is also fulfilled by the Module Leader who provides short term support for both academic and pastoral needs. Please be aware that a communication between the two roles will occur if your support needs extend past the Module Leader’s remit.

Technology Enhanced Learning (TEL): Online Support

This section outlines the main systems you will be required to use if you wish to access online support:

1. A computer;
2. Student E-Mail;
3. Learning Edge (Blackboard);
4. Electronic Assessment Management (Online Submission);
5. Online Enrolment.

Please dedicate time at the start of each new academic year to ensure that your IT equipment works, as it should, by testing Internet connection. You will need to install the following software:

1. Adobe;
2. Up to date Java.

Student e-mail

It is important/essential to check your student e-mail account, as this is the primary form of communication used by the Faculty. Your tutors and programme leads will communicate with you when appropriate through your students e-mail account and through Bb
Announcements. You can set up a ‘divert’ to a personal e-mail address from your Edge Hill inbox and instructions for this can be found at: [http://www.eshare.edgehill.ac.uk/943/](http://www.eshare.edgehill.ac.uk/943/)

**It is your responsibility to check your EHU email account regularly.**

**GO Portal**

The Student GO Portal is your personal gateway to the University’s online environment. It offers secure and easy one-step access to all online resources and systems, available to help you with your studies and it is the tool that lecturers will use to communicate with you. The Portal can be accessed 24/7, wherever you are in the world, for access to Learning Edge.

**Learning Edge (Blackboard)**

Learning Edge is a suite of systems, which can be accessed online to support you and your learning. At the heart of Learning Edge is Blackboard, the University Virtual Learning Environment (VLE), where you will find your programme and module course areas. Within these course areas you have access to a range of tools and information, which include:

1. Communication and collaboration tools;
2. Course materials;
3. Online submission and feedback (Turnitin).

The VLE Blackboard will be used to provide you with information related to your programme, as well as learning resources, such as lecture notes and interactive activities. You should check the Blackboard sites you are enrolled onto on a regular basis. **(Please NOTE: if you fail to enrol onto your course, access to Learning Edge will be denied).**

**Electronic Assessment Management (EAM)**

The method for submission for course work will be published through Module Handbooks, where you will be provided with guidance as what to do to submit course work and view feedback.

Turnitin is the preferred method for EAM (see page 20 of this handbook for details) within the FOHSC. Where Turnitin (Tii) is not appropriate (e.g. Portfolios, visual/graphical/numerical submissions) other submission methods will be used.

Where electronic submission is required it will be the only method to submit the course work - hard copies will not be accepted.

In the case of a system failure (see page 19 of this handbook).

Back up all work regularly and save all course work to your University Network Drive.

**Online Enrolment**

Enrolment is a mandatory process that you must go through at the beginning of each new academic year to become a member of the University, activate your IT/Library account and benefit from all its services.
Additional Information

Recording lectures

Should you wish to record a lecture (in any format, whether audio or video), you must seek the permission of the lecturer before the lecture begins.

It is important you respect the lecturers’ work and their rights to determine the manner in which the teaching is distributed (NOTE: lectures and learning materials are the intellectual property of the University). Any recording that is made with the lecturer’s permission must not be distributed in any format and can only be used to support your own learning or others on the programme.

Digital Tattoo: managing your online identity

It is important to be aware of and take control of information about you, online, and remember that when you post online, even in a context that is considered private, it can be made public by others.

See link for further details:
http://www.eshare.edgehill.ac.uk/3716/

Please consider the following:

- Anything posted online can present in the public domain;
- Don’t post explicit materials;
- Do learn to adjust your security settings.

Please NOTE: facilities are available through Learning Edge to create social spaces; see link for further details:
http://www.eshare.edgehill.ac.uk/4140/

Mobile devices

It is possible to access many of the online support using mobile devices through Mobile Learn, which is a free downloadable application designed to mimic the functionality of Learning Edge. This provides access to the EHU website, the Library Catalogue, Learning Edge to enable access to all Blackboard Courses.

For further details see link:
http://www.eshare.edgehill.ac.uk/3013/1/Mobile_Stay_Connected_Flyer.pdf

Wireless Network

You are able to connect your laptop, phone or tablet to the University’s wireless networks. To connect to Edgenet, login with your network ID and password. To connect to Eduroam, login using this format, Username@edgehill.ac.uk and your EHU password.

If you are experiencing problems with accessing Blackboard please change your password in the first instance as this may resolve your issue. If further assistance is required, contact Learning Services:

Email: ehu.ac.uk/askus
Tel: 01695 584286 or 4286
Section 10: THE STUDENT VOICE

Student Representatives

The Students’ Union, in partnership with Edge Hill University, values the views and opinions of its students. We want to hear the student voice and act upon your feedback regarding the quality of your learning experience. The Student Representative System allows thousands of students to have their say on matters affecting their course of study.

Every year of every course at Edge Hill University seek to elect at least one Student Representative. It is the Student Representative’s job to listen to student opinions on how the course is running and feed that back to staff. Representatives are democratically elected by the students on their course every year and attend meetings with staff to have the opinions of students heard.

Firstly, think about becoming a Student Representative! You’ll have lots of support (including training, networking events and a dedicated member of staff to support you) from the Students’ Union. From the perspective of the PPE team, the student voice really helps to ensure programmes have the right focus and are genuinely fit for practice. If interested, talk to your Programme Leader. Alternatively, you can visit the Students’ Union upstairs in the HUB or email suvpacademicrep@edgehill.ac.uk.

Student Representatives take an active lead in their studies and have the opportunity to be involved in wider student issues. The role allows you to help your fellow students resolve course related issues. This role will adds real insight into the running of the faculty and the importance placed on the student experience.

As a student it is your responsibility to know who your Student Representative is and to raise anything you want to say with them. If you do not know who your Student Representative is either email suvpacademicrep@edgehill.ac.uk or come and talk to the Students’ Union.

Student Representatives at Faculty Meetings

Student Representatives are invited to attend Student Staff Consultative Forums (SSCFs), which take place once or twice per year. This process enables consultation between staff and students on matters relating to the modules and programmes. Students have the opportunity to give constructive feedback to academic staff who are responsible for the delivery of the course. Any necessary action arising from the feedback and consultation is channelled through the appropriate structures and feedback is provided to all students in Blackboard.

Additionally, one Student Representative from each SSCF is invited to attend the Postgraduate Professional Education Programmes Board, which takes place 3 times per year. This meeting is responsible for monitoring the quality of all the degree programmes within the PPE Department and benefits from the engagement of a broader membership, including representative from university central departments.

Help and advice for how to fulfil your role as a Student Representative is available on the Students’ Union website: www.edgehillsu.org.uk.
Module and Programme Evaluations

Student evaluation is key to constantly improving and enhancing our modules and enhancing our undergraduate PPE provision. The input received from this process is valued and may result in modifications to teaching and learning, assessment and delivery of sessions.

Students are invited to evaluate each module and the programme as a whole. Module evaluations are undertaken towards the end of the module. Feedback will be given via a summary report in your Blackboard area.

The programme evaluation takes place at the end of the programme, comments will be reviewed and appropriate actions taken to inform future delivery. The programme evaluation form is circulated to students at the end of each academic year with their July Assessment Board results. A summary to provide feedback to students is displayed within Blackboard.

Student Engagement in Quality Assurance Processes

As well as engaging with Faculty meetings and completing evaluations, students may be invited to engage in a variety of other quality assurance processes relating to curriculum development, including consultation on changes to modules and programmes and the approval of new modules and programmes.

Student Focus Groups with the Dean of the Faculty are organised on an annual basis. Students are invited to attend these Focus Groups as an opportunity to share their views on all aspects of their learning experience by being asked a set of questions. Students may also be invited to other Focus Groups with professional bodies as part of an external review.

Furthermore, PPE students are encouraged to take part in the internal student satisfaction survey, organised by the Students’ Union. This is another avenue for sharing and making your views count.

Mechanisms are in place to ensure that comments or concerns expressed by students through all engagement processes have been actioned appropriately and, in turn, this will be fed back to students so it is clear what steps have been taken to improve and enhance the student experience.

All methods of student engagement, as detailed above, are key to the Faculty in understanding what works well and indicating areas for development, with the overarching aim to improve the student learning experience year on year.

For further clarification or guidance please contact Victoria Kelly, Student Engagement & Scheduling Officer in the Faculty of Health & Social Care (Victoria.kelly@edgehill.ac.uk).

Students Union – see overleaf
Edge Hill Students' Union is a member-driven organisation, representing all students who attend Edge Hill University. Our vision is to be an essential part of Edge Hill University significantly adding value to your student experience. Specifically, we aim to:

- Be recognised by Edge Hill students and the University as the provider of excellent, effective advice and representation on academic and welfare matters.
- Provide quality, well-used membership and commercial services for our diverse student body.
- Be acknowledged by Edge Hill students as having made a positive difference to their lives.

To achieve this we listen to your feedback and ideas, whilst ensuring we offer guidance, support and help if things go wrong.

The Union is run by four elected officers, a President, Vice President Welfare, Vice President Academic Representation and Vice President Activities. The Officers' roles are to represent the student body on a variety of issues that affect you, our members. We do this by representing your views at a number of University committees and boards and also run a range of campaigns.

The officer team is supported by a team of full-time and part-time staff, as well as Part-Time Officers, elected to represent; LGBT students, Disabled students, Black students, Mature/Part Time students, Post Graduate students and Women respectively. These Officers help to shape policy and inform projects that the Full-Time Officers work on, as well as running their own campaigns on behalf of the students they represent.

An essential function of the Union is our representation structures. As a result of student feedback we opened an Advice and Representation Centre and over the last three years the service has grown considerably, offering support and guidance in key areas such as academic issues, welfare benefits, housing, money and debt. The Advice and Representation Centre offers both face to face and phone consultations to help make the service as accessible as possible for all students. The most important aspect of our service is that we are totally independent from the University and so our advice is impartial, confidential and free to all students.

Course Reps are also an integral part of our democracy and representation, ensuring all students' voices are being heard, whether on a course level, or right up to Faculty level. As well as Course Reps we have Faculty Reps who are there to represent the voices of their peers at high level Faculty meetings ensuring the student voice is always at the forefront of decision making. Being a Course Rep or a Faculty Rep is a great experience where you will be responsible for creating a positive driving force for change on your course, as well as making valuable suggestions that will change the way Edge Hill operates, empowering yourself and your peers to make sure you're getting the best from your course.

Joining a society is the best way to get involved in student life at university, meet new people and of course, have a great time! We currently have around 70 active societies with more being created all the time. To join a group, or even start your own, the SU can offer support and guidance, helping you make the most out of your student experience.

The Union annually organises a variety of events, starting with Freshers' Week! Later in the year, EHSU hold the Graduation Ball, as well as a whole programme of weekly events in the SU Bar and The Quad. The SU Bar also serves a great range of handmade burgers and pizza every day, and our menu is also available to take away. For your official Edge Hill merchandise, clothing, and NUS cards, the SUShop has regular deals and discounts!

As part of our ongoing commitment to delivering the services you want and need, we have over the past couple of years developed and grown to provide you with the advice centre, bar, shop and a range of activities through our student led groups. We hope with you as our members we can continue to grow in the future.

Your officers for 2016/2017 are

APPENDIX 1 - LEARNING SERVICES

All new students will have been provided with a booklet, ‘Your Guide to Learning Services’, which details the services and facilities available to support you with your learning resources at Ormskirk, Aintree and Manchester campuses, including:

- University Libraries
- Resources
- Learning Edge
- Academic Skills

Additionally, an extensive and comprehensive online service is available to you on the website:

http://www.edgehill.ac.uk/ls/

This facility will also provide you with up to date guidance intended to help you get started finding and using the information you need to study successfully at Edge Hill University, including opening hours and Frequently Asked Questions.
**APPENDIX 2 - STUDENT SERVICES**

**Edge Hill University’s Student Services team provides comprehensive advice and support and can help you with almost anything to do with general student living. It is our mission to provide excellent services which promote student success and wellbeing and enhance the student experience.**

The Student Services Desk, located in the Student Information Centre (SIC), is your ‘One-Stop-Shop’ for most enquiries relating to student life and is open 8:30am-6:00pm Monday to Thursday and 8:30am-5:00pm Friday during term time, and 8:30am-5:00pm Monday to Friday during vacation periods.

You can contact the Student Services Desk on 01695 584554 or just call in to the SIC Information Centre, Ormskirk Campus.

If you do not need an immediate reply, you can email your enquiry to: studentservices@edgehill.ac.uk. If your enquiry is a frequently asked question, you may find the answer contained within the team’s auto-response.

Most Student Services’ teams are based in the Student Information Centre and are accessed via the Desk:

chaplaincy@edgehill.ac.uk (01695 657200)

**Student Support Regulations and Handbook**

This online resource is available via the following link
https://www.edgehill.ac.uk/studenthandbook

This includes information relating to:

- Useful contacts;
- Support for resident students;
- Financial help;
- Health, safety and security;
- Equality and diversity policy statement;
- Student regulations;
- Student code of behaviour;
- Disciplinary procedures;
- Student charter;
- Complaints procedure;
- Facilities available on campus;
- Facilities specific to the Faculty of Health and Social Care.
APPENDIX 3 - ACADEMIC REGISTRY

Academic Registry, based in the Student Information Centre, is responsible for a wide range of administrative functions in relation to students and their programmes, including: enrolment, specification of programme, tuition fees, timetabling, room booking, assessment and the conferment of the final award.

An extensive and comprehensive online service is available to you on the website:

http://www.edgehill.ac.uk/registry/student-information/
APPENDIX 4 - CAREERS SERVICE

Using the Careers Centre at Edge Hill University provides students with many opportunities for learning, developing skills and gaining experience that help towards future career and job prospects. The Careers Centre at Edge Hill provides an award winning service, which students are encouraged to use from the first year onwards. The Centre is located on the ground floor of the Student Information Centre.

- **The Careers Website** provides access to the services available from the Careers Centre [www.edgehill.ac.uk/careers](http://www.edgehill.ac.uk/careers). As well as resources including careers information specifically for students undertaking courses within the FOHSC, the website allows students to book an appointment and have queries answered online via ‘Ask a Question’. Students can also view part time job vacancies and upcoming Careers events. Typical events including Health and Social Care Fairs, Volunteering and Part-Time Job Fairs and CV Workshops.

- **Volunteering** is a crucial part of a student’s experience. It helps develop relevant job skills, confidence and provides experience that will enhance a CV. Check volunteering vacancies using Search Opportunities’ [www.edgehill.ac.uk/careers](http://www.edgehill.ac.uk/careers) or call in person at the Careers Centre and speak to one of our Volunteering Advisers. Students who take part in volunteering activities are eligible to enrol for the Volunteering Certificate Programme. Students can also apply for an On-Course Excellence in Volunteering Scholarship worth up to £1000. [https://www.edgehill.ac.uk/scholarships/](https://www.edgehill.ac.uk/scholarships/)

- **Part-Time Work** helps pay for course fees as well as providing valuable work experience. Our Employment Adviser offers a CV checking service for part-time work and one-to-one help with finding part-time jobs and summer work in the UK and abroad. Part-time jobs are available on campus and within the local community. Go to: Search Opportunities’ [www.edgehill.ac.uk/careers](http://www.edgehill.ac.uk/careers)

- **Careers Advice** is available to all students at Edge Hill and to all graduates for up to three years after graduation. Careers Advisers provide regular input during students' studies on a range of topics including ‘Acquiring Graduate Employment Skills’, ‘Developing Quality CVs’, ‘Job Applications and Personal Statements’, ‘Interview Techniques’ and ‘Job Search’. Bookable, one-to-one confidential consultations with a careers adviser are available at the Careers Centre for in-depth discussions e.g. on career choice, CV/job application advice, mock interviews, changing course etc. For quick queries, students can use our ‘Careers Express’ drop-in service for a 15 minute slot, available all day every day from Mon-Fri. Or why not have your question answered via ‘Ask a Question’ [www.edgehill.ac.uk/careers](http://www.edgehill.ac.uk/careers)

- **Graduate Jobs**: The Careers Centre maintains close links with graduate employers (nationally and locally). Graduate vacancies are accessed using ‘Search Opportunities’ [www.edgehill.ac.uk/careers](http://www.edgehill.ac.uk/careers)

*The Careers Centre is committed to promoting equality of access to education, employment, training and guidance regardless of race, religion, gender, disability, marital status, social class, age or sexual preference.*

[www.edgehill.ac.uk/careers](http://www.edgehill.ac.uk/careers)
01695 584866
APPENDIX 5 - STUDENT FACILITIES AT UNIVERSITY CAMPUSES

University Campuses

There are three main campus sites: Ormskirk, Aintree and Manchester

Location information for Ormskirk Campus, including maps and transport arrangements can be found on the university’s website:

http://www.edgehill.ac.uk/about/campus

Additional information relating to all three campuses can be found on the Faculty’s website:

http://www.edgehill.ac.uk/health/about/facilities/

Car Parking

Postgraduate Education Centre, Aintree  A Pay & Display system is in operation on the site. Fixed penalty fines are in operation within the University Hospital grounds for illegally parking vehicles.

Ormskirk Campus  A Parking Permit system is in place and students must apply for a permit during the Registration Days. A temporary permit is available to park on campus on Registration Day and this should be printed out and inserted in your vehicle. Further information can be found on:

http://www.edgehill.ac.uk/health/cpd/enrol/

Manchester Campus  No car parking facilities are available for students at the, Manchester premises. There are local car parks in the city centre.

Smoking

Postgraduate Education Centre, Aintree
There is a no smoking policy in operation in accordance with government legislation for hospital sites.

Ormskirk Campus
There is no smoking within campus buildings and students are required to observe the no smoking exclusion zones immediately adjacent to buildings where these are indicated.

Manchester Campus
There is no smoking within campus buildings or the Manchester Technology Centre site. There is a designated smoking area that students are required to observe.

Canteen/Catering

Postgraduate Education Centre, Aintree
All students are expected to access refreshment facilities within the Aintree University Hospitals main buildings. The dining room, cafes, and shops are open for extended periods on site.

Alternatively, access to the Postgraduate Education Centre kitchen is made available to students, providing they bring their own provisions. There is also a vending machine, drinks machine and water fountain within the premises.

Ormskirk Campus
There are a variety of facilities located on campus, particularly within the University’s Hub, opening times vary and are subject to change.

The catering outlet in the Faculty of Health and Social Care building is:
*Cafe Rewind* - situated on the Lower Ground floor and is normally open 8.00 am - 2.00 pm Monday – Friday.
Please be aware that during the summer facilities at the Ormskirk campus may have restricted/limited opening hours.

For those students attending the evening, there are vending machines within the Health and Social Care building, or facilities in the University’s Hub are available.

Manchester Campus
FOHSC building is ideally located within the busy Manchester City Centre, with convenient access to cafes and shops.

There are vending machines within the Edge Hill University premises.
APPENDIX 6 - GLOSSARY OF TERMS

**Academic Credits:** These are academic ‘points’. Each module is designed to achieve a set number of points, which if used as part of a programme will lead to the achievement of an award.

**RPL:** An abbreviation for Recognition of Prior Learning, which means that you’ve undertaken previous certificated study within another Higher Education Institution and you would like it to be taken into account, when planning your pathway.

**RP(E)L:** This is an abbreviation, which stands for the Recognition of Prior Experiential Learning; this means that credit is awarded for learning gained through experience.

**Assessment Board:** This is of a group of people who meet, (at established times during the academic year), to officially confirm your marks/results.

**Associate Student Status:** Providing you are self-funding, you may undertake a module without completing the assessment. However, you will not gain academic credit for the module.

**Blended Learning:** Refers to a combination of teaching strategies for example; a combination of online and face-to-face/classroom teaching

**Breach of Confidentiality:** This occurs when you have either accidentally or intentionally included personal details and/or details regarding Institutions which clearly identifies them, without their explicit consent.

**Collaboration:** This is again where you’ve worked with someone but this time, and this is the key, you’ve clearly identified the shared partnership working.

**Collusion:** Collusion occurs when you have knowingly conspired with another/others to submit work that you present as your own.

**Confidentiality:** The term arises from the Latin: Con, meaning completeness and Fidere to trust. This is a statutory obligation upon everyone that certain information in respect to individuals, institutions and organisations are not revealed to the public or anyone without prior permission from the relevant individual/institutions/organisation.

**Credit Transfer:** This just means you can move or ‘transfer’ any credits that you have gained from Edge Hill as part of a Credit Recognition Agreement into a pathway.

**Deferred:** This term is also used in regards to assessments, it relates to you having sought and been granted extra time for your assignment submission.

**Evaluation:** The value of something, i.e. your module/pathway. This is a vital source of information for the Faculty’s quality assurance strategy.

**Exceptional Mitigating Circumstances:** These are events, which may have had an impact upon your ability to study.

**External Examiners:** These are experts in their particular fields of study who are drawn from other higher education institutions in the UK. Their function is to ensure that you and your assignment(s) are justly treated and to review the assessment processes.
**Failed Module:** This means that the Assessment Board has made the decision that you have exhausted all opportunities for assessment/re-assessment and you have failed without any further right of re-submission/re-sit.

**Intercalation of Studies:** This just means you are taking a break from your studies but you will be rejoining later.

**Learning Outcomes:** These are what you will be able to achieve (knowledge or skills) once you’ve successfully completed your module/pathway/programme.

**Mentors/Practice Teachers/Teachers:** Qualified colleagues in your practice area who act as ‘critical friends’, offering practice-related advice and who also assesses your practice skills.

**Module:** A single unit of study.

**Named Awards:** This refers to the programme for example; MSc Advanced Practice.

**OSCE:** An abbreviation for Observed Structure Clinical Exam (Practice).

**Pathway:** The journey you undertake, as agreed during the meeting with a Pathway Leader, within a programme, towards your final named award. Pathways can be either generic i.e. involving a variety of modules, which are non-specific or specialist and involves studying modules related to a particular specialism, for example, mental health.

**Pathway Leaders:** These are specific members of the academic staff who you can speak to regarding individual modules, pathways and programmes of study. They are here to help you throughout your time with us.

**Plagiarism:** This occurs when you have copied someone else’s work and submitted it as your own original effort without acknowledging the source of your information.

**PQl:** Stands for Post Qualification Learning; this is a framework, which is designed to change the focus of post qualification learning from uni-professional academic programmes to multi-professional ones, which contain skills and competency assessments linked to your individual role. The Strategic Health Authority, under this framework, funds various modules based upon Trust requirements.

**Practice Based Descriptors:** These are terms used to describe a variety of qualities and skills you will be expected to achieve by the end of your chosen module.

**Programme:** A programme is composed of one or more independently developed modules which, when combined, results in an award such as a Postgraduate Certificate/Diploma or a Masters. However, you must be registered on a pathway before a postgraduate certificate/diploma or Masters can be awarded.

**Provisional Marks:** These are temporary marks including the marker's feedback, which are sent to you once your assignment has been marked so that you can determine your progress.

**QAA:** Stands for Quality Assurance Agency, they are an independent body whose responsibility is to ensure universities and colleges of higher education continue to provide a quality service for students.
**Referred:** To be referred means that you have been unsuccessful in meeting the learning outcomes of the module. You have the automatic right to a further opportunity at re-assessment if it is your first attempt.

**Student Representatives:** A volunteer who acts as a spokesperson for the group at University meetings/Boards. Your ‘voice’ in other words.

**Virtual Learning Environment (VLE):** A collection of integrated tools enabling the management of online learning, providing a delivery mechanism, student tracking, assessment and access to resources. These integrated tools may be one product (e.g. Blackboard) or an integrated set of individual tools.

**Withdrawal:** In this instance, you have decided not to continue with your module/pathway/programme.
