

2023/24 Alumni Fee Remission Procedure

EFFECTIVE FROM 1 AUGUST 2023

Summary

This document outlines eligibility criteria for Edge Hill Alumni, former ERASMUS+ and Study Abroad students who may benefit from a reduction in tuition fee when enrolling onto an eligible course in the academic year 2023/24.

Glossary of Terms

Bursary

a financial award made to students to support their studies; sometimes used interchangeably with 'scholarship'. For some professional programmes a bursary may be provided from external funding;

ERASMUS+

a former programme for EU students (prior to December 2020) who studied at Edge Hill University for one or two semesters;

Postgraduate Doctoral Loan Scheme

The scheme under which students starting a postgraduate Doctoral course could be eligible for a loan from the UK Government to help with course fees and living costs;

Postgraduate Master's Loan Scheme

The scheme under which students starting a master's course could be eligible for a loan from the UK Government to help towards course fees and in some cases living costs;

Repeat Year

permission to undertake a full year or level of study as if for the first time, despite having previously undertaken part or all of that year;

Sponsor

an employer or other organisation that agrees to pay all or part of a student's tuition fee for a period of registration;

Study Abroad (students)

students who come to study at Edge Hill from a University outside the UK as part of their degree course. Study Abroad students can choose to study for a semester or for a whole academic year at Edge Hill;

Purpose

This procedure sets out the criteria for Edge Hill Alumni, former ERASMUS+ and Study Abroad students who may benefit from tuition fee remission. It informs students about specific programmes which are excluded from the fee remission offer.

Procedure

An Edge Hill Alumni, former ERASMUS+ or Study Abroad student could benefit from a reduction in tuition fee when enrolling onto an eligible full-time or part-time postgraduate programme at the University for the first time during 2023/24.

The offer is intended to be as inclusive as possible and is open to students who completed within the last three years and meet the criteria outlined below. This means that for academic year 2023/24 entry, students must have been registered on their final year of study (including registration for re-assessment purposes) and received confirmation of their award from academic year 2020/21 onwards:

Edge Hill University Alumni

- with UK resident status. Exemptions to the UK residency criteria may apply for EU students who have settled or pre-settled status under the EU Settlement Scheme, or who are Irish nationals.
- holding an undergraduate award¹ at Level five (for example Foundation Degree) or at Level six (for example; BA, BSc or LLB) or PGCE/PGDE
- holding a postgraduate taught or research award (excluding PGCE/PGDE) and be progressing on to Doctoral study within three academic years of completing the postgraduate award.

Former ERASMUS+ students

- with EU resident status.

Study Abroad students

- who have studied at least one semester with Edge Hill University at undergraduate level.

All students must

- have responsibility for payment of their own tuition fee, meaning they must not be in receipt of sponsorship or a contribution towards tuition fee from external funding. Receipt of a postgraduate loan via the Postgraduate Master's or Doctoral Loan Scheme does not count as external funding for these purposes.
- be enrolled onto an Edge Hill University Postgraduate Certificate, Diploma, taught or research Masters programme² or a Doctoral programme (PhD or Professional Doctorate) either full or part-time, commencing in 2023/24;
- be studying a minimum of 60 credits each academic year and have all modules confirmed at the start of the academic year³;
- have no outstanding debt with the University;
- not be in receipt of staff fee remission.

Subject to the above conditions, Edge Hill students may benefit from the following offer:

¹ Excludes Exit Awards

² Excludes PGCE, PGDE, Integrated Masters, MSc Midwifery, MSc Nursing, MSc Advanced Fertility Practice, MSc Clinical Reproductive Medicine, PGDip Nursing, PG Cert Medical Leadership and MCh/MMed programmes

³ Exception is granted for PGCert SpLD Dyslexia, part time MSc Psychotherapy and Counselling, MRes, PhD and Professional Doctorate courses only, where course delivery does not allow for a curriculum of 60 credits

50% tuition fee discount for students who completed in 2022/23 and 2021/22;
20% tuition fee discount for students who completed in 2020/21.

The academic year in which a student completes, is the year their degree is formerly awarded at an Academic Assessment Board.

By exceptional arrangement, the following discount is offered to Edge Hill students intercalating from MBChB Medicine to undertake postgraduate study.

50% tuition fee discount

Fee reduction applies for the full duration of the programme, excluding any repeat years.

Students will be invited to confirm their eligibility at enrolment to enable assessment of the remission.

Students will only be entitled to this remission for registration on one postgraduate programme, except for students progressing to Doctoral study within three academic years of completing postgraduate taught⁴ or research awards, where fee remission will be awarded at 20% for 2020/21 finalists and 50% for 2021/22 and 2022/23 postgraduate finalists.

Students previously awarded remission and who failed to complete or pass their programme will not normally be permitted the benefit again.

Students who have had their tuition fee modified or waived for an academic session following award of Recognition of Prior/Experiential Learning (RP/EL) will not be eligible to receive this remission. Students will also not qualify for the remission for future registrations on the same programme.

If a sponsorship agreement is sought for payment of fees or an external bursary is awarded at any point prior to or during the programme, entitlement will cease, and the full fee becomes payable for that academic session onwards.

Students who fail to pay 1/3 of their annual tuition fee liability, by 30 days after the published first instalment date, will have their alumni fee remission withdrawn without exception, and the full fee will become payable. Alumni fee remission will not be reinstated following late payment.

Students in receipt of staff fee remission will not qualify for alumni fee remission.

For further information contact the Fees and Bursaries Team in Academic Registry: TuitionFees@edgehill.ac.uk. Please note the fee reduction procedure is reviewed on an annual basis but the above principles apply for the whole of the normal duration of the programme of study.

⁴ Excludes PGCE and PGDE
