TUITION FEES: POLICY STATEMENT

Edge Hill University (the University) has a fair, consistent and transparent policy in respect of tuition fees and charges made to students. This policy details the responsibilities of the University and of students regarding tuition fees relating to all programmes of study within the University. It has been developed to enable students to make properly informed decisions and aims to assist students in the payment of fees.

Tuition fees are subject to annual review to ensure they reflect student support funding, are competitively placed and meet inflationary costs of resourcing. In line with its Mission, the University makes provision to ensure that operation of the Tuition Fee Regulations and associated financial support schemes is fair and encourages access to all those with the ability to benefit from study here.

The University is committed to ensuring information on fees is readily available and publishes fee information each year in advance of the application cycle for the following academic session. Applicants may view an indication of likely fee levels from the University's prospectus and website and can expect to receive detailed information about fees, and view arrangements for payment, when they are offered a place to study.

Students are responsible for the prompt payment of fees. The University strongly recommends that students plan how they will pay their fees at the earliest opportunity. Defaults on payment are treated seriously and will lead to the application of sanctions in accordance with the University's Student Debt Policy.

The University ensures transparent compliance with all applicable statutory requirements and external administrative agencies including Competition and Markets Authority (CMA), the Office for Students (OfS) the Student Loans Company (SLC), NHS Business Services Authority (NHSBSA), Enhanced Learning Credits Administration Services (ELCAS) and United States Department of Education.

Scope

These Regulations have been produced for the benefit of potential applicants, current students and University staff and apply to all students enrolled in academic year 2019.20 and are intended to provide help and guidance about tuition fees.

The Regulations are reviewed annually and we ask all students to read and agree to the terms of these regulations as part of the enrolment process at the start of each year of study.

Subject to further information being published by the Government in regards to funding arrangements for EU students in 2019/20 these regulations will be reviewed.

The Regulations operate alongside a number of policies and procedures referenced within this document and can all be accessed via the following link edgehill.ac.uk/documents.

TUITION FEE REGULATIONS

A glossary of terms to support this document can be found within Appendix 1.

1. General Principles

- 1.1 Tuition fees are published by the University in advance of the academic cycle and are subject to annual review;
- 1.2 Fees for full-time undergraduate Home/EU status students are set in accordance with the levels permitted by the UK Government. Our commitment to tuition fees can be found within the University's Access and Participation Plan¹. Full-time fees for the Channel Islands and Isle of Man students are negotiated between the Island Authorities and the British Government;
- 1.3 All fees are made available on the University website;
- 1.4 Tuition fees may increase in future years in line with inflation, and where permitted, government policy. In 2018/19 fees for non-regulated provision increased by approximately 2%, based on the retail price index (RPIX). The Government inflated the undergraduate fee cap in 2017/18 for full time undergraduate study to £9,250. Additional income from tuition fees is invested in supporting student opportunities particularly on access, student success and progression;
- 1.5 Fees for provision not regulated by the Government are set by the University and may be uplifted each academic session to reflect the Retail Prices Index (RPIX);
- 1.6 All taught and research degree provision is covered by the Tuition Fee Regulations and students registering for programmes at the University are **personally responsible** for the payment of fees². This includes arrangements where students obtain sponsorship or funding, should the sponsor default or, where funding is refused under the rules operated by the SLC, ELCAS or NHS Business Services Authority;
- 1.7 Whilst tuition fees are published on the University's website the contractual fee is confirmed to each student at the point of enrolment;
- 1.8 Students become liable for tuition fees following full completion of the University enrolment process to enable a 'registered' status. For a more detailed summary of tuition fee liability please refer to the 2019/20 Home/EU Tuition Fee Liability Procedure;

¹ www.edgehill.ac.uk/documents/access-agreement/

² Except where the University holds a separate contract with an employing authority/government agency or other officially recognised body for the payment of fees.

- 1.9 Tuition Fees will not be reduced for students who enrol or start their course late;
- 1.10 Tuition fee charges apply to each registered year of study, unless otherwise indicated;
- 1.11 Tuition Fee charges may differ from one programme of study to another and reflect the resources required to deliver that programme;
- 1.12 Home/EU status students pay the published fee rate for the registered academic session;
- 1.13 The University reserves the right to charge for the Recognition of Prior Learning (RPL) at the current module or programme standard fee rate where this is used for entry to or as a contributory element to a programme of study up to the standard credit price;
- 1.14 The University reserves the right to correct administrative errors identified during invoicing and to take action to recover any shortfall in fees in accordance with the published tuition fee listings for the appropriate academic session. Students will be notified of any errors as soon as possible;
- 1.15 Students repeating a module, placement or programme of study will be charged at the current standard fee rate, except in cases where students have the opportunity to improve upon placement grading, where there will be no fee liability;
- 1.16 The University views all fraudulent activity seriously and will take appropriate action under the University's Student Disciplinary Regulations. Any attempt to use fraudulent payment methods will be reported to the police and students will have their registration immediately withdrawn and access to systems and services immediately removed. Where applicable, such cases will be reported to the UK Visas and Immigration (UKVI).

2. Assessment of Tuition Fee Status

- 2.1 On admission, all students will be assessed by the University for residential status in accordance with the provisions of the Education (Fees and Awards) Regulations 1997 and will be assigned Home/EU, Islands or Overseas residency which will dictate tuition fee liability. During the assessment the University will consider immigration status and history of residence;
- 2.2 The UK Council for International Student Affairs (UKCISA) guidelines are used when making assessments;
- 2.3 Students who cannot evidence Home/EU residency to the University during the admission process will be awarded international status for enrolment and tuition fee liability;
- 2.4 Applicants/students who believe their fee status has been wrongly assessed

should contact the Admissions Office immediately on 01695 650950 and should do so prior to enrolment.

3. Payment of Tuition Fees

- 3.1 Once students have completed enrolment and are awarded a 'registered' status tuition fees become due. Unless otherwise stated, the fee is for the full academic year. Students must check the fee they are being charged, and any queries regarding the amount must be questioned immediately by emailing tuitionfees@edgehill.ac.uk or the relevant Faculty contact (for professional development provision) as per Appendix 2;
- 3.2 Should a student's tuition fee liability change during their academic year due to a requested change in mode of study, or additional registration of modules, it is the students ultimate responsibility to ensure that they have the finances to cover any additional tuition fee liability before the change request is submitted;
- 3.3 Unless advised otherwise all fees, refunds, credit notes and waivers are calculated in GB pounds sterling;
- 3.4 Any payment made towards tuition fees must be accompanied by the student name and student number.

3.5 Student Finance

3.5.1 Full and part time Home/EU status undergraduate, PGCE and MSc Nursing and Midwifery students who are eligible for a tuition fee loan via the SLC must ensure their funding application is approved or have made an application at or before enrolment for each academic session. An intention to apply is not sufficient, please see 2019/20 Guidance for Payment of Tuition Fees;

3.5.2 In cases where the SLC do not provide funding which matches the tuition fee students will be personally liable to pay the difference to the University;

3.5.3 Students who have previously studied at HE level, regardless of how far back this dates, should be aware that future entitlement to Student Finance is affected by previous study. Previous study includes time spent on a full time higher education course or any specifically designated publicly funded higher education course, whether or not in the UK. Students that do not qualify for a tuition fee loan will be required to self-fund. The regulations are complicated and students should seek advice from both the University and Student Finance as soon as a place at the University has been secured. For additional guidance please visit www.edgehill.ac.uk/study/money-matters/previous-study/.

3.6 Self-funding students

3.6.1 Students will be classed as self-funding if they pay their tuition fees themselves;

3.6.2 All self-funding students are required to sign a 'University Payment Contract' to acknowledge liability and timely payment;

3.6.3 Dependent upon UK residency, some postgraduate taught (excluding PGCE and MSc Nursing and Midwifery) and research students eligible for a tuition fee loan will be classed as self-funding as in most cases the Postgraduate Loan and Postgraduate Doctoral Loan will be paid directly to the student and not the University;

3.6.4 The University operates a strict credit control policy for collection of tuition fees. Fees may be paid by the following methods:

- cash (up to the value of £3,000 in any one transaction)
- Debit or credit card
- Cheque (made payable to Edge Hill University)
- Recurring card payment on dates set by the University and published in advance of the academic session.

3.6.5 Instalment plans are offered subject to the length of each academic year and must be arranged with the Lead Credit Controller within Academic Registry or Faculty (for professional development provision). On-line payment facilities are available, see 2019/20 Guidance for Payment of Tuition Fees;

3.6.6 Failure to make payment of at least one third of the tuition fee by the date set by the University will result in the University initiating credit control procedure which could lead to a review of registration and possible referral of debt for external collection. See 2019/20 Guidance for Payment of Tuition Fees;

3.6.7 The University expects fees to be paid within 30 days from the date of invoice, unless a regular payment arrangement is confirmed. Students who default on fee payments may, following consideration of their funding entitlement, have their registration terminated or be refused re-enrolment and possible referral of debt for external collection;

3.6.8 The University reserves the right, upon consideration of the circumstances, to withdraw access to facilities from students who are in default or to refer the debt to the University's contracted debt collection agency³;

3.6.9 Students that are enrolled on a standalone module within the Faculty of Health and Social Care and are self-funding should refer to

³ See also the University's Credit Control Policy and Procedures

the following link www.edgehill.ac.uk/health/cpd/?tab=fees-finance.

3.7 Sponsored students

3.7.1 If an employer or other organisation agrees to pay all or part of a student's tuition fee the University will refer to them as a sponsor. It is the student's responsibility to provide to the University at enrolment, confirmation from a sponsor, on company letterhead, for the attention of Academic Registry or faculty, detailing the following:

- The student's full name (and University ID number if known)
- The amount of contribution towards tuition fees
- The academic year for which sponsorship applies
- The name of the person, organisation and full address of where the invoice should be sent
- A purchase order number to be quoted from the organisation
- Signature of an authorised person;

3.7.2 Students must provide a sponsor letter to support each academic year;

3.7.3 Students studying a professional development course within the Faculty of Health and Social Care and who have a sponsor paying their fees should refer to the following link www.edgehill.ac.uk/health/cpd/?tab=apply;

3.7.4 The University will invoice sponsors directly for the appropriate amount and will expect payment within 30 days of the date of the invoice;

3.7.5 Regardless of sponsorship the student remains personally liable for payment of tuition fees. This includes payment of any cancellation fee levied by the sponsor where students are not deemed to have met the requirements of the sponsorship agreement;

3.7.6 Students are responsible for informing the University of any change in employment which would impact on their sponsorship.

3.8 NHS Bursaries

3.8.1 Continuing Home/EU status students on NHS funded programmes must make an application to the NHS Bursary Unit for payment of tuition fees (and bursary entitlement) each academic year;

3.8.2 Where relevant some students may qualify for a Social Work bursary and contribution towards tuition fees. Students will be personally liable to pay the difference in fees.

4. Partnership/Co-delivery

- 4.1 The University engages in partnership arrangements to maximise opportunities for study. In cases of co-delivery, where the University has secured contractual arrangements with external partners to support taught study, fees are negotiated in advance of each academic session between the University and partner(s);
- 4.2 Tuition fees for Edge Hill University reported students studying for University awards at partner institutions will be levied at the same rate charged by the University. Responsibility for collection of fees for part time and full time students normally lies with the University.

5. Part Time Students

- 6.1 Edge Hill graduates undertaking postgraduate study with the exception of those studying PGCE may be eligible for tuition fee remission subject to meeting eligibility criteria, see 2019/20 Postgraduate Taught and Research: Alumni Fee Remission Scheme;
- 6.2 Postgraduate taught and research students who meet eligibility criteria may apply for a contribution of costs to study from the Government via the SLC;
- 6.3 Where relevant, some postgraduate provision in Faculty of Health and Social Care attracts undergraduate student support funding. For further information please refer to www.edgehill.ac.uk/studentsservices/moneyadvice/.

7. Research Students

- 7.1 Graduate Teaching Assistants and externally funded Studentships/Doctoral Tutors will be awarded a tuition fee waiver where notification is submitted to Academic Registry and Directorate approval is awarded;
- 7.2 Students (including Graduate Teaching Assistants) upon application become liable and charged a 'writing up' fee at the end of their expected term of registration, subject to meeting criteria set out in the Research Degree Writing-up and Assessment Fees document;

- 7.3 Students who are required to make major amendments or revise and resubmit their thesis for re-examination will be required to pay an amendment or resubmission fee at the published rate;
